

# Hello, My name is Keane.

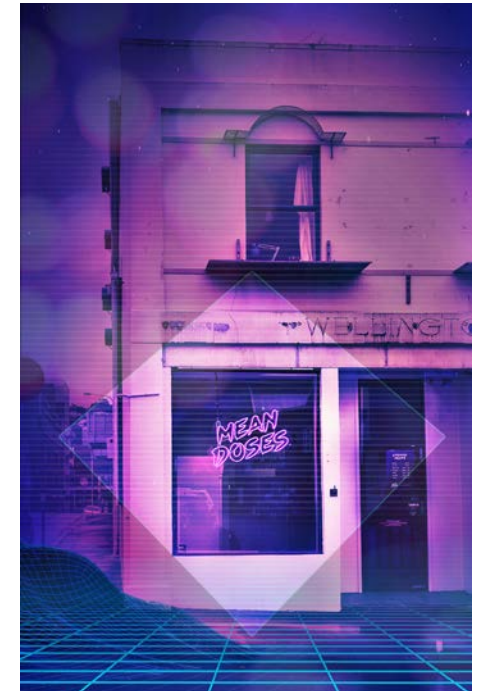

I solve layout problems and provide freelance design support in Wellington. My speciality is making things look good on a page, in print or on the screen – in other words, Layout Design.

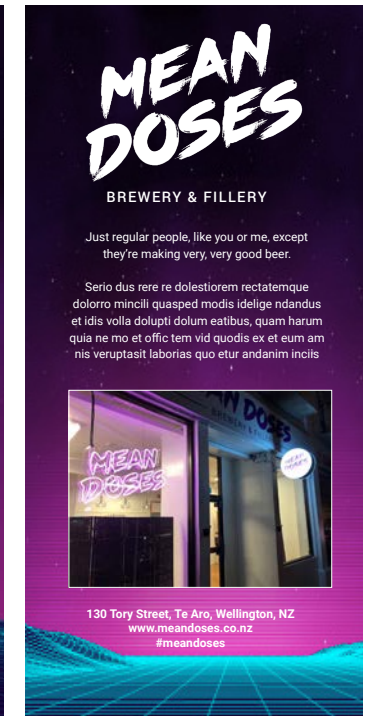

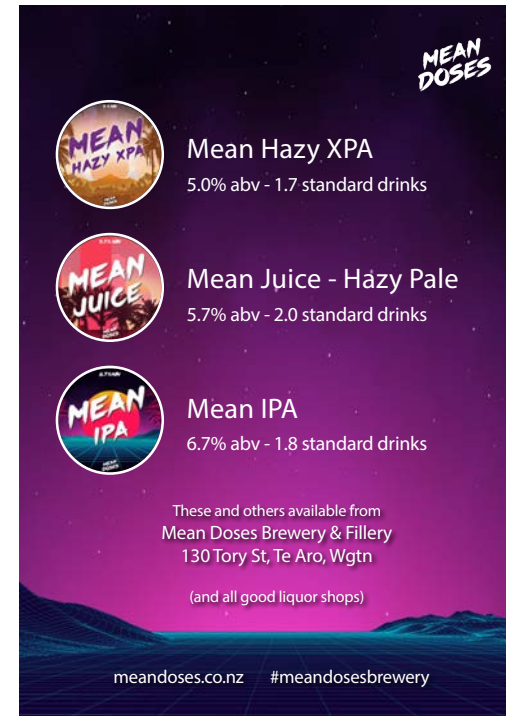

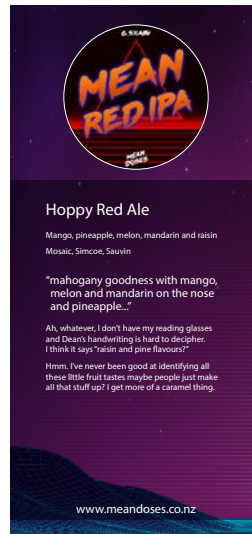

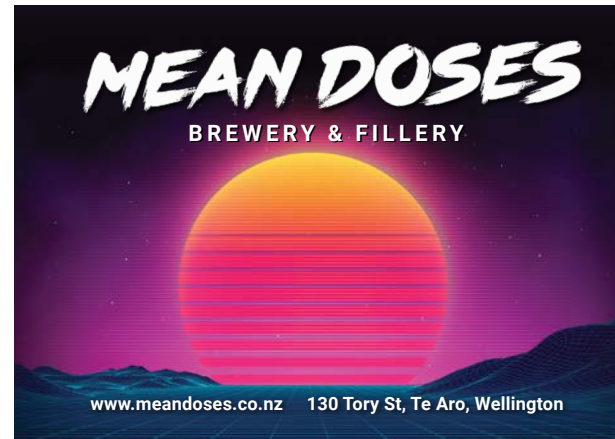

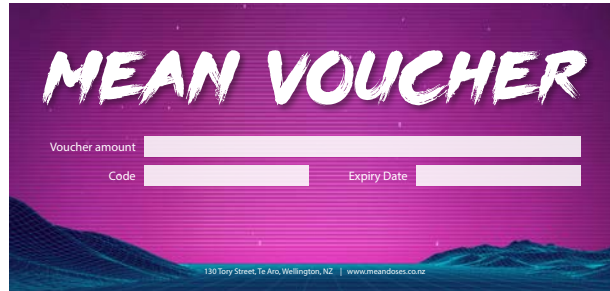

I have worked in the graphic design field since there were computers, instead of waxers and typesetting (I can use those too), as mac operator, creative support and designer. In the last 6 years, I have been freelancing around Wellington, before then I was in an advertising agency for 7 years. I am also a bit of a techie around computers and cameras.

Cheers  
Keane

## Renovate your banking.

We believe Kiwis deserve the best possible banking experience. We offer great value banking, award winning internet and mobile banking, your own personal online relationship manager and more. Maybe that's why over 800,000 Kiwis have switched their banking to us and why the Sunday Star-Times has named us Bank of the Year 2012.

Unlike tiling your bathroom, switching is easy. Just a signature from you, and we'll take care of the rest.
